Copy a database

1. Open SQL Server Management Studio.
2. Right click on AdventureWorks2012 -> Select Tasks -> Select Copy Database.
3. Use the Copy Database Wizard to make a copy of AdventureWorks2012 on the same instance of SQL Server. Name the new database AW2012Copy.
4. In Sql Server Management Studio, right click on Databases -> select Refresh.
5. Navigate through the new database and compare it to the original database.
6. Capture a screenshot of the new database.
7. Submit the screenshot.
